# Rules of Play

Please observe the following gokidsgo rules to ensure that everyone has a safe and happy time.

Adults must remain on the premises at all times with the child/children under their care.

## **Help! They're lost**

If you accidentally lose your child in the adventure zone we will help to find them quickly.

## **Ouch!**

Please inform us if your child has any sort of accident, however minor – one of our trained first aiders should take a look.

## **Registered users only**

gokidsgo is a member's only club for families with children under 12.

## **Dressed to play**

We want everyone to have a great time so be dressed and ready to play;

We recommend long sleeves and trousers, no watches or jewellery.

Safe and hygienic means no shoes but socks on. Please take care if you wear glasses.

## **Helping the little ones**

All under fives must be accompanied by an adult on the main play frame.

## **Sticky stuff!**

This is a gum free zone

## **Eat**

Our food and drink is very tasty and reasonably priced. Unfortunately you are not permitted to bring your own.

## **Your treasure**

We suggest you keep all valuables at home. We have provided a few small lockers but can not accept liability for loss or theft.

## **Play well**

Disrespectful and abusive behaviour towards others could result in being asked to leave.

## **Eye spy**

Our team will always keep a watchful eye on children as they go about their normal tasks, however children will always remain the full responsibility of the parent/guardian at all times.

## **Age friendly**

We have provided separate age appropriate zones, for everyone's safety please adhere to all age and height restrictions.

## **Fun but Fair Play**

All our play equipment is designed for maximum fun, and has passed stringent requirements imposed on us from ROSPA (Royal Society for the Prevention of Accidents). We cannot therefore be held responsible for accidents which occur as a result of playing on our equipment.

## **Play times 4**

For every 4 children in your group there must be 1 responsible adult to watch over and supervise their play and behaviour.

## **A place to play & a place to eat**

We keep eating areas separated at gokidsgo, so food and drink stays off the play equipment... we want to avoid slips, trips and choking.

## **Exercise is fun**

gokidsgo has created an Adventure Zone for kids to enjoy and get lots of exercise; we want them to burn calories on the equipment, but not by running around the Centre.
